

Class Visits Spring 2017

Our world-renowned faculty invite you to attend a class. Plan to visit a class, or as many as you like, to enjoy and sample the academic experience at Duke.

Before visiting:

- Peruse the class list and select the classes you are interested in. Don't be afraid to try something new!
- **Email the professor to verify the class time/location** and to see what activities are taking place in class on the day you visit in order to avoid sitting in on a test or a quiz. To find a professor's email address, please refer to the following link: <http://search.duke.edu/search-new/>

When visiting:

- Get to the classroom early and introduce yourself to the professor.
- Plan to spend the entire class period and avoid cellphone use so as not to disrupt the class.
- Although these classes have been specifically recommended as good courses for prospective students to visit, we cannot predict if a test or quiz will be administered.
- Professors will put a sign on the door if the class is full.

Locations:

- If you have trouble locating a building, please refer to maps.duke.edu.
- To attend a class on East Campus, take a C-1 from the Chapel bus stop, a C3 from Science Drive, or a C5 from Central Campus.
- To attend a class in the Smith Warehouse, take a CSW from the Chapel bus stop.
- To attend a class on Central Campus, take a C4 from the Chapel bus stop.
- CIEMAS is an abbreviation for the Fitzpatrick Center for Interdisciplinary Engineering, Medicine and Applied Sciences.
- LSRC is an abbreviation for the Levine Science Research Center.
- The Gray Building is near the Divinity School Library.
